OUT ON THE LIMB with George Vierhus

DISAPPEARANCE OF shopping carts from markets has become a serious problem throughout the grocery industry, we have learned.

We guess most of us haven't really paid a great deal of attention to what happens after we roll the cart out of the store, load our car and then leave the cart in the lot.

Nor do we give it a second thought when we see someone pushing a cart down the street.

We just assume that the cart will get back to the store, somehow.

Apparently in many instances, that doesn't happen.

In a flyer that Safeway put out recently an appeal was made that, if anyone should see one of their carts around the neighborhood, it would be appreciated, if that fact was reported to the store.

Personnel from the store will go pick it up.

Safeway is also asking everyone not to remove the shopping carts from the parking lot.

We can see where the case of the disappearing cart could really become a serious factor, economically.

We learned that the carts cost about $+8 each. It takes a lot of groceries for a market to make that kind of profit, operating on the close margin that they do.

We are well aware, of course, that there will be some who will maintain that it is a problem for the big chains to be concerned about and we shouldn't worry our little pointed head about such matters.

But, as a guy who has been concerned about "overhead" for longer than we care to enumerate, we recognize that everything that is involved in "cost of sales" affects the selling price of the finished product.

Or to put it another way.

Who do you think will pay for those missing carts?

In the long (or short) run, that is.

AT A RECENT CHAMBER of Commerce directors meeting, Al LaPlante, first vice-president filling in for Norm Paul, called on the new JayCee representative on the board, Dave Valkenaar, newly-elected JayCee president.

Only Al introduced Dave as "from the 'JV's'."

The other members gleefully pointed out to LaPlante that "J.V." stood for "junior varsity".

So....?

At the same meeting Tom State was making a point about sometimes he was bothered by solicitors on Saturdays when he was "mowing his garage".

That's sort of a new twist.

-0-

INCIDENTALLY, THE reason Al LaPlante was filling in for Norm was that Norm had to leave early to lend a helping hand to his wife, Charmaine.

And that can be taken either literally or figuratively.

You see, Charmaine, who serves as a teacher's aide at McKinnon School, is laid up with TWO broken hands.

She suffered the breaks when she tried to break (or brake) a fall on the playground.

Charmaine, with her two casts, however, was home from the hospital by Mother's Day.

A NUMBER OF YEARS ago in this column we attempted to run our own "survey" to ascertain what street or intersection in town constituted the most horrendous traffic headache.

As we recall, our "survey" more or less fell on its face.

Few people bothered to make any nominations so we ended up by listing the "leaders" in this particular excedrin derby, based on our own personal observation.

"Sealing" of 27 streets starts this Thursday

Work will start tomorrow (Thursday) on the sealing and resurfacing of 27 streets within the city limits during a five-day period. Residents in the specified areas have been requested by the Public Works Department to cooperate in keeping the streets clear of parked vehicles and in the use of the streets during the "curing period".

The contract for the project has been awarded to Bay Slurry Seal of Redwood City for $18,899.27 which will be financed from the city's gasoline tax funds. The contract calls for 113,000 square yards.

Public Works personnel will post "no parking" signs on the streets the evening preceding the day of application. The streets will then be barricaded off and the application will begin soon after 8 a.m. on the specified lists.

The slurry seal, which seals and resurfaces the existing surface, is applied by a special machine that mixes asphalt, oil and crushed rock which "squeeges" the mixture onto the surface about 1/8-inch thickness.

Three streets have been designated to be resurfaced on Thursday. These are Man-

STEPS DOWN---At his own request, Adrian Cibilich, principal of Sherman Oaks School for the past 13 years, will assume classroom assignment next year at Parkway School. In making his request, Cibilich said: "Much change in education has occurred in the 13 years since I became a principal. I feel a need and great desire to again accept the challenge of teaching. A classroom situation will allow me to view my educational philosophies and beliefs from where it is most important-the classroom."

Board meets in district office

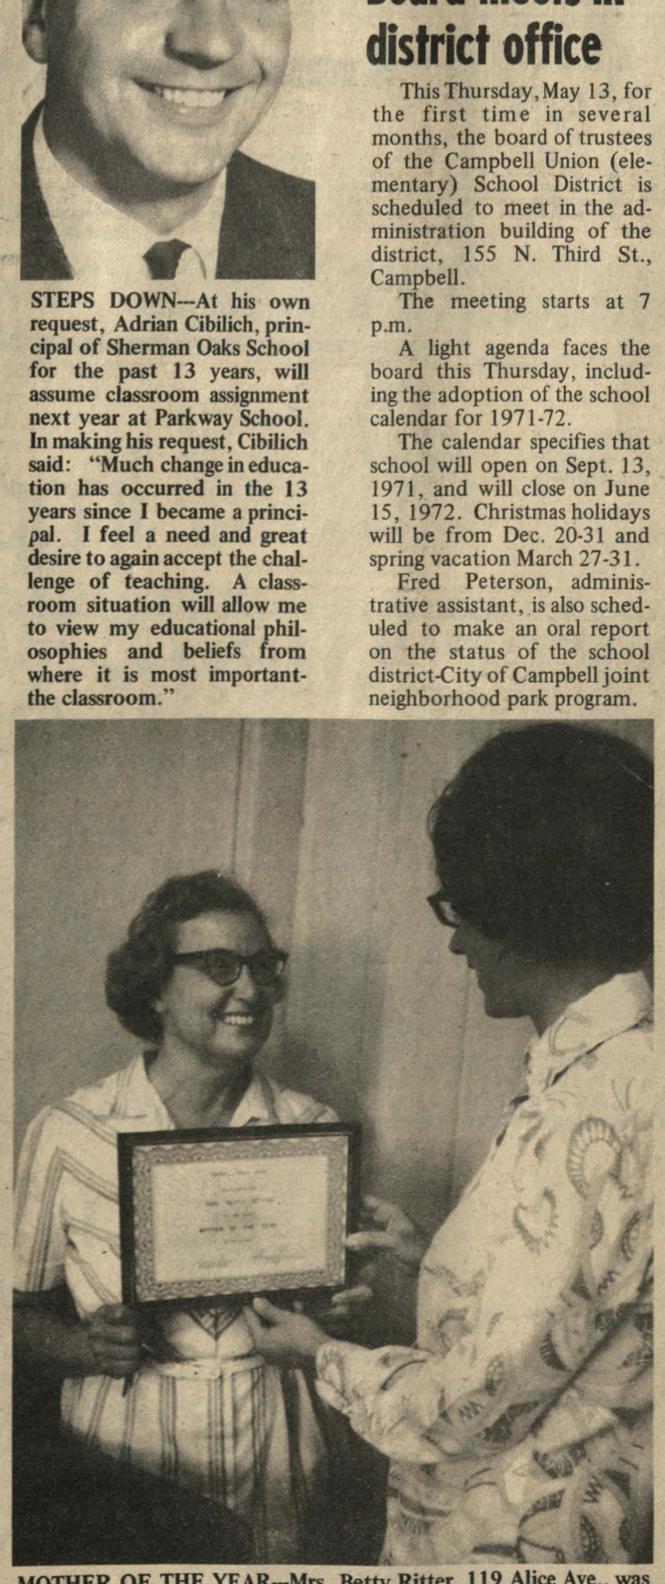
This Thursday, May 13, for the first time in several months, the board of trustees of the Campbell Union (elementary) School District is scheduled to meet in the administration building of the district, 155 N. Third St., Campbell.

The meeting starts at 7 p.m.

A light agenda faces the board this Thursday, including the adoption of the school calendar for 1971-72.

The calendar specifies that school will open on Sept. 13, 1971, and will close on June 15, 1972. Christmas holidays will be from Dec. 20-31 and spring vacation March 27-31.

Fred Peterson, administrative assistant, is also scheduled to make an oral report on the status of the school district-City of Campbell joint neighborhood park program.



MOTHER OF THE YEAR---Mrs. Betty Ritter, 119 Alice Ave., was declared Campbell Press' Mother of the Year last Friday. Mrs. Ritter, (left) somewhat overcome by the honor, receives a certificate declaring her "Mother of the Year" from Mrs. Sally Howe, woman's editor. Details of her selection are on page 5.

City hall construction goes into final stages

With the tentative moving date set for Friday, June 4, construction of Campbell's new $1 million plus city hall has now entered the final stages which is principally finishing the interior.

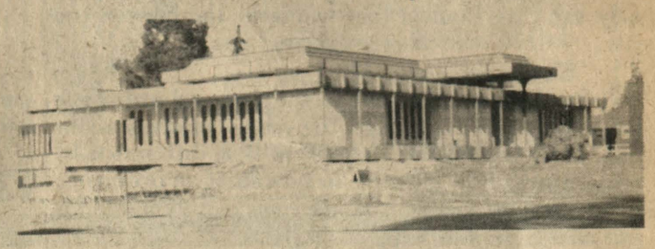
Frazier Construction Co., of 2100 S. Bascom, Campbell, is the general contractor for the building and William H. Hedley, of Campbell, is the architect. The contract for the building was for $779,-000 and land acquisition pushed the city hall cost considerably above the $1 million mark.

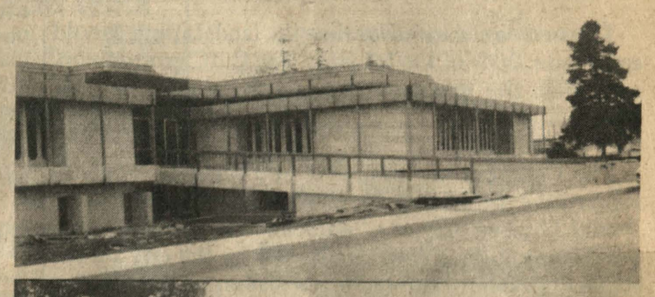
Dedication of the city hall has been tentatively set for September, when it is expected that the new furnishings will be in place. The City Council has authorized the expenditure of $57,845 for new furniture. Miles Tully, of Campbell Office Machines, is working with Jeff Whittaker, city finance director, in the drawing up of specifications for this phase.

Bekins' low bid of $753.40 to move the present furniture into the new city hall on June 4 was approvaed by the Council last Friday.

The Council, by change orders, recently approved the installation of a "chiller unit" for the city hall at $22,840 and for the completion of the employees lounge for $9500.

Wally Byron, city building official, who appears in the photos of the interior, has been the city's "watchdog" on the construction from the pouring of the foundation to the present status.





PUBLIC HEARING NEXT MONDAY

City's proposed landscaping ordinance draws opposition

Differences of opinion regarding the proposed new landscape ordinance affecting parking lots are expected to be aired next Monday, May 17, when the Planning Commission holds a public hearing on the issue.

The proposed ordinance, initiated by the Parks and Recreation Commission, includes provisions relative to the percentage of landscaping required for parking lots that has been questioned by the directors of the Campbell Chamber of Commerce.

The proposal specifies that landscaping shall encompass 20% of the lot size.

The CofC directors, following the recommendation made by a special study committee, headed by Holly Vollenweider, local realtor and second vice-president of the CofC, have suggested that the maximum landscape ordinance be only 10%.

The Chamber of Commerce board has also submitted a number of other modifications to the proposed ordinance and Vollenweider had indicated that he will be present at next Monday's public hearing to present the CofC's case.

Members of the Parks and Recreation Commission are also expected to be on hand to carry the ball for their side.

The public hearing is one of five scheduled for the Planning Commission next Monday, but is the only one that is expected to draw much fire.

In addition, the Commission is scheduled to act on five building plans that have been submitted for approval.

One of the zone change hearings includes the application of Mathews and Burns on property at 1711 Bucknall Rd. presently zoned R-1. They are requesting R-2-S.

Another zone change request from R-1 to P-O (professional office) has been submitted by Peter Paulson for property at 137-149 E. Hamilton near the McKeon fourplex development on the former Gomes Ranch.

Plans for an office building at 540 E. Hamilton (next to Hamilton School) have been submitted by Don Koll, who is also requesting approval of a parcel map.

Campbell joins Saratoga in push for accelerated library progam

Campbell's City Council has joined the City Council of Saratoga in urging the Board of Supervisors to take the necessary steps to accelerate the proposed library construction schedule which includes the completion of Campbell's library.

Last Friday night at the special City Council meeting held in place of the regular meeting this Monday, the Council by resolution endorsed the resolution adopted by Saratoga that has been submitted to the supervisors.

The resolution asked that a study session be called by the supervisors with representatives of the nine cities included in the library district, for the purpose of discussing a possible two-cent hike in the library tax so that funds be available for constructing the libraries that had been planned.

In Campbell's case, a joint powers agreement has been executed with the county in which the city would build the library from bond funds voted by the citizens of this city and, in turn, lease it to the county library district.

In 1967, Campbell citizens approved a $400,000 bond issue for the library which, originally, was planned to be part of the civic center complex.

However, because the library district was able to get a $200,000 federal grant, plans for the library were expanded. The expansion called for the library to be separated from the city hall and located across the street (Central).

The city has now acquired the property. But the county has indicated that it is about $200,000 short in funds to carry out its share of the project.

A similar situation exists in other communities that are part of the library district. George Farrier, county librarian, and other officials have indicated that a two-cent hike in the library district tax will provide the necessary funds.

A study session on the matter is expected to be scheduled for next week.

In another action at the special meeting, the Council authorized the execution of an agreement with Bank of America to finance the lease-purchase of the city's new fire engine over a five-year period at a 4½% interest note. The new pumper costs $50,-300.

MARKING SMALL BUSINESS WEEK---Joe Cuffaro, of Winchester Paint, (left) and Dan Knowles, of General Business Services, members of the Chamber of Commerce retail committee, hold the poster announcing Small Business Week (May 17-22). A special program has been planned recognizing the small businesses in town, including the honoring of the oldest continuous merchant and the oldest continuous professional man in town.

A contest to name the total number of business places in town within the city limits is also planned. A ballot appears in this issue. Winners will be announced at the CofC luncheon Thursday, May 20, at Zorba's. Carl Winther, advertising manager of The Press, is working with the CofC committee which is also planning a four-day "buy-in-Campbell" promotion, starting May 19, as part of the program.

Editorial

Common denominator

Under consideration by the City of Campbell at the present time is an ordinance, initiated by the Parks and Recreation Commission, that spells out requirements for the landscaping of commercial parking lots within the city limits.

A public hearing has been scheduled for May 17 by the Planning Commission, one of the first steps in the enactment of any ordinance.

At that time the pros and cons will be presented.

The Planning Commission can then make a recommendation to the City Council on the said ordinance.

The City Council will hold a public hearing and then approve or disapprove the adoption of the ordinance.

We think it should be emphasized that no matter what action the Parks and Recreation Commission or the Planning Commission take on this matter, it is only the City Council that will make the laws of the city.

It has become apparent, as the proposed ordinance has made its way through the various study sessions that have been held, that there is a difference of opinion as to how inclusive or how strict an ordinance should be that spells out landscaping requirements for commercial parking lots.

For example, the directors of the Chamber of Commerce, acting on the recommendation of a special committee, have submitted that the proposed landscaping ordinance is too severe in its conditions.

The CofC has indicated that it will oppose the ordinance, as it has been drafted, especially as it pertains to the percentage of landscaping that is required per site area.

The ordinance specifies that the landscaping should constitute 20% of the lot size. The CofC group maintains that the maximum landscaping should be only 10%.

The Chamber of Commerce also suggests that city regulations pertaining to landscaping of such areas should be used only as a "guideline" and there should not be any firm policy established by the city on the subject because of the variances that enter the picture.

The CofC committee claims that in some areas, for example, 7% landscaping is far superior to other spots where 20% is set aside for that purpose.

The CofC group also submits that such strict regulations as proposed would deter developers from improving areas within the city.

We are well aware of the differences of opinion that the proposed ordinance will arouse.

On one hand, the CofC, representing the business community, is loathe to have road blocks placed in the way of any potential developers, while on the other hand, other civic groups are more concerned with the environmental and aesthetic conditions involved.

Both groups agree, of course, that it is not a simple black and white situation. There is a lot of gray area involved.

The CofC group recognizes the need of basic controls in landscaping. The other side is aware of the economic factors involved.

The point is, of course, that it seems to be all a matter of degree.

No one, for example, can find fault with the basic reasons that members of the Park and Recreation Commission have used in establishing the need for specific regulations.

We quote from the proposed ordinance:

"WHEREAS, in consideration of environmental quality....and with the realization that the automobile is to a great extent the burdening influence of this environment, both in its inactive as well as its active roll, the Council of the City of Campbell finds that the existence of large expanses of paved areas tends to be depressing both in the emotional and in the economic sense; and

"WHEREAS, expanses of paved areas present a bleak, sterile and blighted appearance to the detriment of the residents of the City of Campbell; and

"WHEREAS, the clutter of parked automobiles, exposed building sides, storage areas and random and miscellaneous signing depress the economic values of the area of the City of Campbell; and

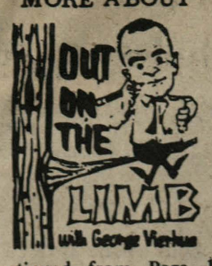
"WHEREAS, in order to improve environmental quality and in order to protect the economic stability and investment in commercial areas in the City of Campbell and in order to protect the health, safety and welfare of the residents of the City of Campbell.

"NOW, THEREFORE, the Council of the City of Campbell does ordain as follows:"

We think we all will agree that the purpose is commendable.

Now let's see if we can find the common denominator.

MORE ABOUT



(Continued from Page 1)

We submitted at that time that the intersection at Campbell and Bascom avenues rated high on any horrible list one could devise.

That was before the intersection was improved and signalized as it is now.

You may recall that it used to be necessary, if one was traveling on Campbell Ave., to make either a left or right turn in order to go straight ahead in crossing Bascom.

That sounds a little confusing, we admit.

But that intersection WAS confusing.

And there were a lot of bent fenders to prove it.

-0-

THAT PARTICULAR INtersection, because of the improvements that have been made, including the widening of Bascom, no longer can be classified as a real headachemaker.

But there are plenty of others left.

Obviously no such list could be complete without putting Campbell Ave. from Winchester to Bascom almost at the top of it.

That was true when we conducted our "survey" a few years ago and it is even more true today because of the increased traffic on that thoroughfare.

Getting onto Campbell Ave. from the side streets into the bumper-to-bumper traffic that is the rule rather than the exception between 4 and 6 p.m. is a nerve-racking experience.

And it is not getting any better.

Traffic moving into and out of The PruneYard onto Bascom and Campbell avenues is also creating some confusion.

Driving defensively has now become a must to those who traverse those streets in the vicinity of The PruneYard.

One has to be on guard.

Or lose a fender.

-0-

NATURALLY ONE IS more conscious of the traffic problems that exist when they are on streets that a person travels regularly.

Take, for example, the route we travel daily to the office from home.

We enter onto Bascom from Ridgeley Drive.

Bascom, as you know, now has six moving traffic lanes and parking lanes on each side.

To make a left turn onto Bascom from Ridgeley, one waits for the traffic to clear both ways and then makes a dash for it.

In the meantime, cars are waiting for the same traffic to clear and are starting to edge out at the PruneYard exit, which is not quite directly across from Ridgeley.

The PruneYard-exit people and the Ridgeley-exit people have the same objective, i.e., to get onto Bascom as soon as they can.

Unfortunately, many times they are not aware of each other's existence until the turn onto Bascom is made by both parties.

Then they generally have a nodding acquaintance.

-0-

IT WILL BE MOVING day for the city hall crew on Friday, June 4, if the present time table is carried out.

That will be quite a memorable occasion for the community, for on the following Monday, the city operations will be in full swing in the new city hall.

That isn't quite the right way to say that, because the city hall gang will not be using any of the new furnishings, (except the built-ins) that will eventually grace the new city hall.

The dedication of the edifice is planned for early September, and by that time the city hall should be fully furnished.

With Wally Byron, building official, as our guide, we took a pictorial tour of the city hall Thursday.

We were greatly impressed.

PUBLIC SPIRITED---Police Captain Don Burr (left) received a check of $425 for the "John D. Morgan Fund" from Betty Raynor and Bob Holiday, owners of Ken's House of Pancakes, at 100 W. Hamilton. All proceeds from dinner served at the popular eating spot from 2 p.m. to 10 p.m. last Thursday were donated to the fund to help defray medical expenses of Police Chief John Morgan, who was stricken on Feb. 13 and has been paralyzed since that time.

During the 2 p.m. to 10 p.m. shift, when the meals were served, the 25 employees of Ken's donated their time. According to Sgt. John B. Butler, almost $15,000 has been contributed to the Morgan Fund to date, and approximately $9,000 has been expended on medical expenses to date.

MUTUAL AID TRAINING—San Jose and Campbell city councils recently authorized a mutual aid pact between the fire departments of both cities. The agreement specifies that each department will furnish fire protection to areas within the other city that are closer to their fire stations.

It means quicker response in emergencies and, in addition, it provides Campbell with the back up of specialized equipment and apparatus from the San Jose Fire Department.

An example would be San Jose's 100-foot aerial ladder, pictured above, which was brought to Campbell's training station on Sunnyoaks for a training session in which members of both departments participated. Fire department officials are hopeful that the mutual aid agreement can be expanded in the future to include the county fire departments. That's Vern Lunt, a Campbell fireman, at the top of the ladder in the above photo.

also reported at the meeting that the city was continuing with its recruitment program for three radio dispatchers who will be needed, if the city decides to operate its own communication system for police and public works starting July 1.

The county has indicated that the city's charge for the communication service will go to $35,000 next year from the present $15,000 charge and $56,000 the next year. Police Captain Don Burr, acting police chief, has submitted that the city, because it has the equipment available, can operate its own system for $30,000.

The Council, however, has indicated that the city will not take final action until the county comes up with a firm price. Stephens said that the recruitment program is necessary to be prepared, but that the applicants have been informed of the situation. He said that the personnel office has already been flooded with qualified applicants and that there will be no difficulty in getting personnel.

The city manager also informed the Council that the city's bond consultant has indicated that $720,000 in city bonds will probably be scheduled for sale on Tuesday, June 29.

PHARMACY PHACTS

By Allan Blaine

The sixth century Greek Aretius wrote about many ailments such as headache, pleurisy and epilepsy, and accurately described treatments for them.

The possibility of creating tailor-made drugs for specific diseases, using mathematical models in conjunction with computer technology, was predicted at a meeting of the American Chemical Society in Chicago.

VIOLETS

The African Violet Society of the South Bay will hold their regular monthly meeting in the Palo Alto-Salinas Savings Community Room at 10250 Saratoga - Sunnyvale Rd. in Cupertino, 1 p.m., Tuesday, May 18.

The program will be "Judging Show Plants", and is open to the public.

Lucettes enjoy birthday lunch

Twenty-five men and women who call themselves the "Lucettes" sat down to a pot-luck luncheon at St. Lucy's Hall on Monday and discussed the weather and gardening and the joys of eating.

The "senior" citizens group, who organized a little over a year ago were enjoying a "birthday" celebration.

Open to any retired person, the group meets on the second and fourth Monday of each month from 11 a.m. to 2:30 p.m., usually with a sack lunch and an afternoon of games.

Mrs. Betty Banks is president of the "young" organization and Father William O'Keeffe is advisor. The birthday lunch was organized by Lou McClellan. Visitors are always welcomed.

FLEA MARKET---Campbell High School will hold its second annual flea market on Sunday from 9 a.m. to 4 p.m. in the school parking lot, at 1 W. Campbell Ave. Dale Hume, left, and Al Davis, high school parents, are taking display space reservations at 379-6282 and 378-3837. A two-car space will rent for $3, but must be reserved in advance.

Phyllis Acker will attend state BPW convention

Mrs. Phyllis Acker, president of the Campbell Business and Professional Women, will attend the 51st annual convention of B.P.W.'s in Beverly Hills May 20-23.

The three day confab will include election of state officers, a tour of Universal Studios, and workshops.

Mrs. Acker is secretary to the City of Campbell's Planning Commission.

PERFORM SATURDAY---The award-winning Vanguard Drum and Bugle Corps will perform at West Valley College on Saturday, May 15, at 2 p.m. In addition to a demonstration by the Corps, a donkey baseball game will be held between them and the members of the sponsoring VFW Post 6305.

Vanguard Drum and Bugle performs at college Saturday

VFW Post 6305 will sponsor a performance by the Vanguard Drum and Bugle Corps at West Valley College football field on Saturday, May 15 at 2:00 p.m.

The Vanguard Corps was formed in 1967 and has won more than 150 trophies. They were California State Open champions in 1968, 1969 and 1970; North American Champions in 1970; California Color Guard Circuit Champions, 1970 and American Legion National Champions, 1970.

The Corps' performance is sponsored by Veterans of Foreign Wars Post 6305 in Campbell. The Saturday event will include a donkey baseball game between members of the Vanguards and the Legion post.

There is no admission charge.

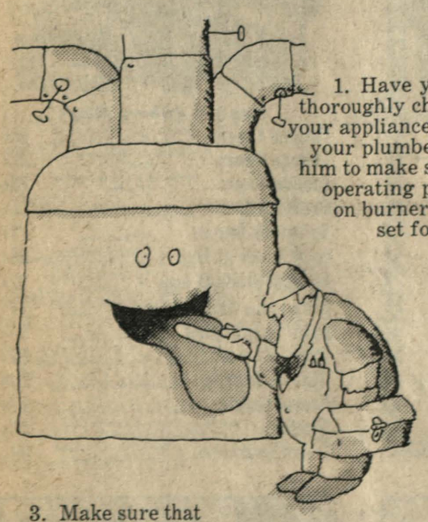
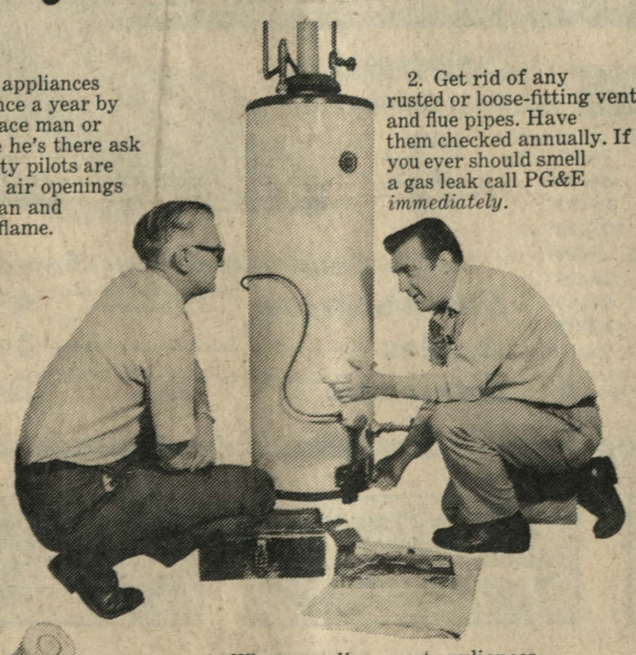
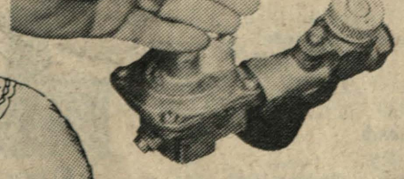
Household safety: four things you should do. And a couple you shouldn't.



1. Have your gas appliances thoroughly checked once a year by your appliance or furnace man or your plumber. While he's there ask him to make sure safety pilots are operating properly, air openings on burners are clean and set for a blue flame.

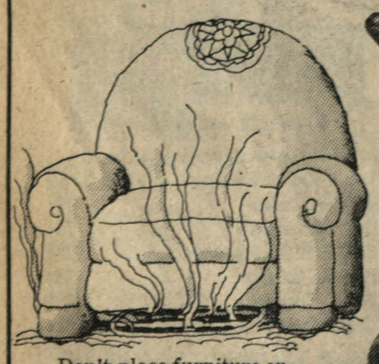


2. Get rid of any rusted or loose-fitting vent and flue pipes. Have them checked annually. If you ever should smell a gas leak call PG&E *immediately.*

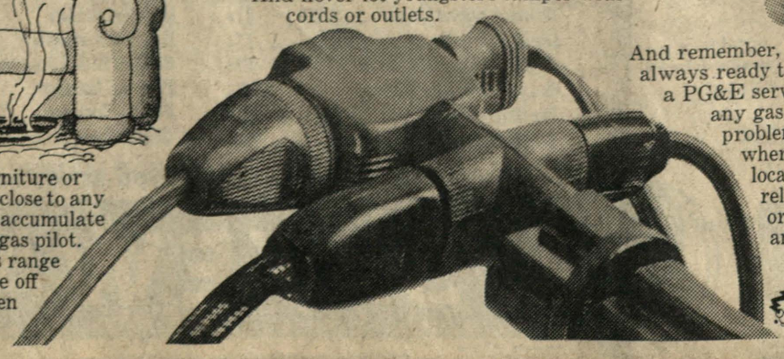


3. Make sure that burners and controls on your gas furnace, wall or floor heater are clean at all times. And be sure to clean or replace dirty furnace filters periodically.

4. When you disconnect appliances, pull plug first from the outlet. Also make sure electric tools are properly grounded, and frayed or broken electric cords are replaced.



Don't place furniture or drapes over or close to any heater. Or let gas accumulate before lighting a gas pilot. Be sure that gas range burners are off completely when not in use.



Never connect too many appliances to one outlet or circuit. And never let youngsters tamper with cords or outlets.

And remember, too, that we're always ready to help. If you call for a PG&E service man to check-out any gas leak or gas service problem, ask him to show you where your gas pilots are located and how to go about relighting them. If repairs or parts are needed, call an appliance or furnace service man or your plumber.

CHAMPION COOKIE-MAKER

"Mother of Year" is Betty Ritter

When it was all over and the ballots were counted, Mrs. Kurt (Betty) Ritter, 119 Alice Ave., was declared Campbell Press' "Mother of the Year."

Mrs. Ritter, a resident of Campbell for almost 25 years, was shocked (and pleased) at the honor, but kept insisting that there were others far more deserving who should have the honor.

"I've raised my children", she said, "someone with little ones should have the honor."

Because she has raised her children, and raised them so well, is the reason why some of her many friends in the community felt she was extremely well qualified for this honor.

"She loves children," says Mrs. Georgia Wren, an Alice Ave. neighbor. "She's always doing things for them, baking them cookies and special treats for holidays. And her garden! She has such beautiful plants, and has shared lots of slips with us."

The Ritters have lived on Alice Ave. since 1947 and her three boys attended Campbell Grammar School and graduated from Campbell High School. "We are so grateful", she says, "to the school district and the marvelous friends and teachers who helped the boys in school.

"I love my neighbors on Alice Ave. and I'm also proud of our "park" (Gomes Park) which the Alice Ave. community initiated."

Mr. and Mrs. Ritter's three sons, Kurt, John and Walter, all worked at the Campbell Press during their school days, Kurt as circulation manager when he was at Campbell High.

Today Kurt is serving in the Air Force and is stationed at San Antonio, Texas. His wife, Ellen, and only child, Valerie, are living in Sunnyvale. When Kurt's tour of duty is over this summer, he and his wife plan to attend graduate school at Indiana University.

John is also married and is teaching eighth grade at Chino grammar school. The youngest, Walter, will graduate in June from the United States International University at San Diego.

According to Mrs. Nelson Cowdery, long-time friend, "even though the boys are long since away from home, Betty still fits the description the Press gives for "Mother of the Year."

"Yes, she "puts herself out" for her family; and not only for HER family, but for everyone else who needs her. She's in "twelve places at the same time", and has "time to talk on the phone."

"Time also to take proper care of husband Kurt, and if necessary give a little help with his work which he conducts from the home.

"And occasionally entertain his business friends at luncheon or dinner.

"Betty is "Mother" to countless number of her sons' friends of school and college days, as well as to their teachers. Some of them are practically "adopted" and 119 E. Alice is their "home away from home."

According to Mrs. Cowdery, during the years when Betty's boys were in the band, scouts, club and such groups as boys belong to, Betty made gallons of punch or cocoa as the weather demanded and served it with cookies at their meetings.

BUSY HANDS---Mrs. Betty Ritter, Mother of the Year, even makes good use of her time while being interviewed. Mrs. Ritter sits next to a plant which was sent by one of her sons, crocheting an afghan.

"MOM" RITTER AND FAMILY---Campbell Press' Mother of the Year, Mrs. Betty Ritter and her husband, Kurt, and three sons, posed together at the Ritter's twenty-fifth wedding anniversary in 1963. Left to right is John Ritter, Mrs. Ritter, Kurt Ritter, Sr., Kurt, Jr., and Walter.

Everyone knows about Betty's cookies!

In Campbell, she is legion.

She admits to making "about 1000 cookies a WEEK."

She takes them to the office at First United Methodist Church, to the Campbell Press and sends or mails them to various groups and service organizations that she feels are serving the public.

One of Betty's weekly "things she likes to do" is a trip to Valley Village retirement home on Sunday morning. There she loads her car with former Campbell residents who attend church in Campbell and brings them to church services. On the way home, she makes a stop for her passengers at the grocery store.

Betty is also a gardener (Where DOES she find the time??)

Organic gardening is one of her interests and although she admits she can't always follow it exactly, she spends much time reading and studying it.

She grows all the vegetables for the family table (and some for the neighbors, according to Mrs. Wren) and has flowers blooming and fruit trees planted.

She loves animals, too. The current animal family consists of two cats, one which she took to care for when a friend became ill, and kept when the friend passed away.

She likes the "recycling" idea and is doing some of her own. With a quick crochet needle, she is fashioning an afghan from yarn recovered from old garments.

She also enjoys swimming. She didn't learn until she was grown, but it is something she thoroughly enjoys and manages to "sandwich" in between other activities.

Betty didn't have the Mother's Day Brunch which was slated to be held at Ken's House of Pancakes, but instead is postponing it until her family can attend. In fact, husband Kurt wasn't home for Mother's Day, as he drove to San Diego to see Walter. Her day was complete though, for her sons called home to greet her. (And also sent plants; they know her love for gardening.)

As Mother of the Year, Mrs. Ritter was presented with a dozen red roses from Campbell Floral Shop, gifts from Scandia Furniture, Lydia's Knit and Stitch, Louanna Shop, Aero Pharmacy, Import Expo, United Rent-All, and a certificate and stationery from the Campbell Press.

Betty Ritter, we ALL love you!

SMELLS GOOD---The smells from Betty Ritter's kitchen are undeniable--cookies, cookies, cookies. Spice cookies, chocolate chip, oatmeal, sugar and peanut butter cookies are just a few of the 1000 she bakes every week.

ST. LUCY'S

YOUTH COUNCIL REPORTS

by Mary Jackson

Activities for the month of May which involve St. Lucy's Council are many and varied.

May 8 and 9 was the Flea Market at St. Lucy's School Grounds. It was sponsored by the Youth Council and the different organizations at the parish. More details will be forthcoming at a later date on its success.

G.T. Shoes (Goodie Two Shoes) will be playing Friday, May 14 at Kennelly Hall. This should be a really good dance, so everyone come. There will be a light show with the lights by Westinghouse. The admission is only $1.50 - a great bargain.

The doors open at 9 and close at midnight. Kennelly Hall is located at Winchester Blvd. and Budd Ave.

On May 16, the Youth Council is holding a Day-o-Rama. Anyone is invited to come and spend the afternoon at Kennelly Hall, from 1 to 6. The agenda is as follows: after we get to know each other, there will be a panel discussion, followed by small discussions. After the small discussions there will be a mass and then a dinner. If you want more information, call Barbara Ruhnke at 378-4660, for details and reservations.

WHEREAS, the County of Santa Clara has acquired for highway purposes certain real property no longer required for such purposes, such property being more fully described in Exhibit "A", attached hereto and made a part hereof by this reference;

NOW, THEREFORE, be it resolved that pursuant to the authority of Section 960.4 of the California Streets and Highways Code, the Board of Supervisors of the County of Santa Clara do hereby declare their intention to offer for sale the above-described real property.

BE IT FURTHER RESOLVED that such real property shall be sold subject to the following terms and conditions:

1. The minimum amount which will be accepted for the sale of such property shall be the sum of Twenty-Four Thousand Dollars ($24,000.00).

2. The County of Santa Clara has purchased a preliminary title report from Valley Title Company, escrow number 149513. A copy of such preliminary title report is available for inspection at the title company. The successful bidder shall close the transaction through this escrow.

3. All sealed bids shall be accompanied by a deposit in the form of cash, cashier's check or certified check, payable to the order of the County of Santa Clara in the amount of Two Thousand Four Hundred Dollars ($2,400.00). All oral bids from persons not submitting written bids shall be accompanied by a deposit in the form of cash, cashier's check or certified check in the amount of ten per cent of the minimum price specified in this resolution. No bid shall be considered unless such deposit is enclosed or provided therewith.

4. Written bids shall be on forms provided by the County. Before accepting any written bid, the Board of Supervisors shall call for oral bids. Any oral bid must exceed by at least five per cent the highest written bid. In the absence of written bids, the minimum oral bid shall be not less than the amount specified in paragraph 1. Final acceptance of an oral bid shall not be made, however, unless such oral bid is reduced to writing and signed by the bidder on a form provided by the County.

No commission shall be paid unless there is contained in the sealed proposal the name of the licensed real estate broker to whom it shall be paid. No commission shall be paid in connection with a successful oral bid unless the oral bid, when reduced in writing, states the name of the licensed real estate broker to whom it shall be paid.

5. The County may accept the bid of the highest responsible bidder (written or oral), or may reject all bids, as well as waiving any and all defects or informalities in any and all such bids. In the event there is a tie as to the highest responsible bidder (written or oral), the successful bidder may be determined by lot, or by such other means as determined by the Board of Supervisors. Any sale may be cancelled by County at any time prior to the recordation of the deed, in which event all monies deposited shall be refunded without payment of interest. In determining the highest proposal, the Board shall not subtract therefrom any commission to be paid in accordance with paragraph 12 hereof.

6. Within sixty (60) days after date of acceptance of bid by the Board of Supervisors, the successful bidder shall:

(a) Pay the balance in full, or

(b) Increase his deposit to not less than twenty-five per cent (25%) of the amount of the bid by deposit with the title company referred to in paragraph 2.

The balance of the purchase price (in a maximum sum of seventy-five per cent of the amount of the bid) shall be evidenced by a promissory note by the successful bidder naming the County of Santa Clara as payee, such evidence of indebtedness to be secured by a first deed of trust covering the entire parcel being sold. Such note shall be payable on or before eighteen (18) months after date of recordation of deed. The deed of trust shall contain a clause providing for acceleration upon the alienation of title.

Upon delivery into escrow by bidder of all documents and money provided for in (a) or (b) above, County shall deliver into escrow a deed in favor of the successful bidder.

7. The promissory note shall bear interest at the rate of seven per cent per annum.

Said interest shall be paid to County quarterly on the first day of January, April, July and October, commencing with whichever of the last-mentioned months that follows the recordation date of the deed. Each quarterly interest payment shall be computed and prorated on the basis of the unpaid balance prevailing at the beginning of the quarterly period.

A late charge in the amount of 2% of the quarterly interest payment will be assessed if interest payment is not made within 10 calendar days after due date.

The principal obligation under the Note and Deed of Trust may be prepaid in full or in part at any time without penalty. Partial payments shall be applied against the principal obligation.

8. Until the recordation of the deed to the successful bidder, the successful bidder acquires no right, title or interest or equity in or to such real property.

9. A failure of the successful bidder to comply with any of the provisions of this resolution shall cause the County to terminate the sales proceeding and retain the deposit referred to in paragraph 3.

10. The sale shall be without warranty, express or implied, and shall be subject to all liens, easements and encumbrances, whether of record or not, as of the date of recordation of the deed. The County of Santa Clara does not guarantee the condition of the property, nor does it assume any responsibility for its conformance to codes or regulations of the State of California, or the city or county in which the property is located. It is the successful bidder's responsibility to determine all applicable building, planning and zoning regulations relative to the property. The property will be sold on an "as is" basis.

11. Any and all expenses incurred in the transfer of title to such property to the successful bidder, including title insurance, escrow charges and documentary stamp tax, shall be paid by the successful bidder, with the exception that the County of Santa Clara will pay for the preliminary title report previously referred to.

The successful bidder shall deposit into escrow a policy of fire insurance covering any improvements located on the property in an amount satisfactory to and naming the County of Santa Clara as coinsured.

12. In the event a commission is to be paid in accordance with the provisions of paragraph 4 above, County shall pay a licensed real estate broker commission in the maximum of six per cent of the purchase price, such commission, however, to be paid only in the event that the Board of Supervisors accepts a bid, only out of monies received by the County of Santa Clara for the sale of property, and only after recordation of the deed. Such commission shall be paid as follows:

(a) If the highest acceptable sealed bid is submitted by a licensed real estate broker, a commission of three per cent of the purchase price. In the event of a tie between two or more licensed real estate brokers as to the highest acceptable sealed bid, the commission of three per cent of the purchase price shall be equally divided between the brokers. No commission shall be paid if the highest acceptable sealed bid is not submitted by a licensed real estate broker. In the event of a tie between a licensed real estate broker and a bidder who submits a bid and is not a licensed real estate broker, as to the highest acceptable sealed bid, the licensed real estate broker shall be entitled to a commission of three per cent of the purchase price.

(b) Three per cent of the purchase price to the licensed real estate broker submitting the successful bid.

BE IT FURTHER RESOLVED that May 19, 1971, at the hour of 10:00 o'clock a.m. at the office of the Clerk of the Board of Supervisors in Room 524 in the County Administration Building, 70 West Hedding Street, San Jose, California, 95110, is hereby fixed as the time and place at which sealed bids, in writing, for the purchase of such property will be received. The Board will open all such bids at a public meeting of the Board at the hour of 10:30 a.m., May 19, 1971, at the regular meeting place of the Board of Supervisors in the County Administration Building, 70 West Hedding Street, San Jose, California, and at which time and place oral bids will be received.

BE IT FURTHER RESOLVED that the Clerk of the Board of Supervisors shall publish this resolution pursuant to Section 6063 of the Government Code and shall post a copy of this resolution on the property and at two other locations customarily used by the County for the purpose of posting public notice.

PASSED AND ADOPTED BY THE BOARD OF SUPERVISORS of the County of Santa Clara, State of California, on April 27, 1971, by the following vote:

ADVERTISEMENT FOR BIDS

Notice is hereby given that the Governing Board of the WEST VALLEY JOINT COMMUNITY COLLEGE DISTRICT, 44 East Latimer Avenue, Campbell, California, hereby calls for sealed proposals for the furnishing of all labor, materials, transportation and services, including all utilities and related site work required for the construction of:

BID # 27-7071

ADDITION TO
FRUITVALE AVENUE PARKING LOT NO. 1
WEST VALLEY COLLEGE,
SARATOGA CAMPUS

All proposals must be on a lump sum basis. Segregated proposals will not be accepted.

Bids will be received by the Governing Board of Trustees at 44 East Latimer Avenue, Campbell, California 95008, on June 15, 1971, at 2:00 P.M., Pacific Standard Time. Proposals received after this time will be rejected and returned unopened.

Drawings and specifications may be examined at the Architect's offices at:

Higgins & Root, Associates
400 Blossom Hill Road
Los Gatos, California
and
Reid & Tarics Associates
1019 Market Street
San Francisco, California

Bonafide bidders may obtain drawings and specifications at the office of the Architects in accord with the Instructions to Bidders. Only one set of bidding documents will be released to each bidder. Extra sets may be secured for an additional deposit for each set requested.

The Contractor and all subcontractors under him must pay all laborers, workmen and mechanics on said work, or any part thereof, not less than the general prevailing rate of per diem wages and not less than the general prevailing rate of per diem wages for all legal holiday and overtime work, for work of a similar nature in the locality in which the work is performed, to wit: said College District, which per diem wages shall not be less than the stipulated rates contained in a schedule thereof which has been ascertained and determined by said Board and which is now on file in the office of said Board, and which said general prevailing rate of per diem wages as hereinabove referred to and adopted by each craft or type of workman or mechanic needed to execute this contract, is by reference incorporated and specified herein and made a part hereof.

By submission of a proposal, the bidder agrees that, if awarded the contract, the bidder has read the Affirmative Action Program, which is included as part of the contract documents, and will comply with all requirements stated therein.

Each Bid Proposal shall be accompanied by a Bid Bond, duly executed by the bidder as principal and corporation authorized to do business in the State of California as surety naming the West Valley Joint Community College District as obligee, or by a cashier's check or certified check, certified without qualification, drawn on a solvent bank of the State of California, in the amount of 10% of the total bid submitted and made payable to the West Valley Joint Community College District.

Should the party or parties to whom the contract should be awarded fail to enter into the contract after the award, and to file the required bonds, the proceeds of said certified or cashier's check or the amount paid by the bidder or his surety pursuant to the terms of said Bid Bond, either voluntarily or pursuant to the judgment rendered by the court in any action brought thereon, will be retained by said College District as agreed, and liquidated damages.

Time shall be the essence of this agreement. Should said work not be completed within the time stipulated on the Bid Proposal, there will be deducted from the final payment the sum of One Hundred Fifty and no/100 ($150.00) Dollars per day as liquidated damages, but not as a penalty, for each days delay after the expiration of such period until the final physical completion of the work and its delivery to the Owner.

The Board reserves the right to reject any or all bids, or any or all items or alternate, or propositions of such bids, or to waive all irregularities.

Campbell Chapter No. 553, Order of Eastern Star, will honor past matrons and past patrons on May 14 at the Odd Fellows Hall, 276 E. Campbell Ave. Mrs. Henry Rosendale is chairman for the evening.

B'NAI B'RITH

San Jose B'nai B'rith Women's Chapter No. 443 will have their annual May rummage sale at 342 E. Campbell Ave., on Monday, May 17 and 18 from 10 a.m. to 5:30 p.m. Proceeds go to the B'nai B'rith philanthropies.

HOPE DANCE

Mr. and Mrs. Averill Mix are participating in the final stage planning of the annual dance on Friday, May 14, sponsored by Home for Retarded Children and Adults, Inc. at Lettermen's Club, North Fourth St., San Jose. The dance will benefit the work done by the Hope Parents to bring retarded people to their maximum potential.

Popular money-making class offered at college

One of the most popular classes offered in the area will be repeated at West Valley College beginning May 13.

"Money! How to Get It - How to Keep It" will be held each Thursday evening from 7 to 10 p.m. through June 10.

The five sessions will explore the stock market, real estate investments, the economy of the country, mutual funds, federal and state taxes and their impact, and the consequences of death.

H. Bruce Furchtenicht, an account executive with a local investment securities firm, will instruct the course. Three guest lecturers will assist him during the course.

Robert Jeszewski, a 21-year executive with Minnesota Mutual Life Insurance Company; Col. Reed, independent real estate syndicator who specializes in mobile home parks and apartment complexes; and Roger Pott, a San Jose attorney who was formerly tax attorney for 10 years with the Internal Revenue Service, will lecture during the class.

Interested participants must register in the office of Community Services, 44 E. Latimer Ave., Campbell, room L-26, telephone 379-1733, ext. 58.

Due to limited space, registration will be accepted on a first-come, first-served basis with priority given to residents of the West Valley College District.

Cancers of the mouth afflict some 14,000 Americans annually and kill about 7,000. Early detection and prompt treatment could cut the death toll, says the American Cancer Society.

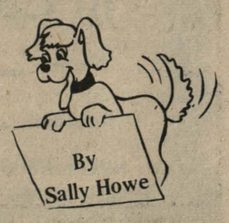
Bringing up fido



Two of Fido's canine friends stopped to see me the other day.

They weren't in the best form.

The two neighborhood tramps are showing signs that the price of their freedom is a shortening of the usual life span of a dog.

The smaller one, a terrier type, can't walk on all four legs.

The fence in which he caught his leg was well-built and his circulation was pretty well cut off for the day and a half that he hung there. He was fortunate that the youngsters who found him also had sense enough to call an adult to free him.

The bigger dog has a fresh scar across his hip. Three times he's been hit while crossing in front of a moving car and three times he's escaped with bumps and bruises!

The owner of that dog just "can't" keep him confined to the yard; the owner of the terrier has never tried.

Both feel the dogs should enjoy their freedom!

* * *

In the past few years I have seen more "ticks' on dogs than ever before.

If you've never seen one of these ugly little blood suckers, they are a brownish-yellow and start out about the size of a healthy ant.

When they attached their heads into flesh (usually an animal's) they can swell to the size of a bean.

If you are in the habit of taking your dog into the hills, be sure you run your fingers well into his coat when you get home. Check under his legs, ears, throat and tail. Look well into his ears. Ticks, in some parts of the country, carry serious diseases.

I don't have a good formula for removing them. I've heard it said they can be turned counter-clockwise, but personally have found that when they are fat and full, they usually can be plucked off and crushed.

TONS OF SALT

In a cubic mile of sea water, there are about 166 million tons of dissolved salts.

Wheel chair champion to compete in national games

Bob Dunn, Jr., son of Mrs. Ed Peoples of Ridgeley Dr., will again represent the State of California at the National Wheelchair Games, June 11-14, in New York.

Dunn, who has won this same honor for the past three years, recently competed in the fourth annual California Wheelchair Games, winning first place in table tennis and discus, second in slalom and 40 yard dash, a third in shot-put and a fourth in bowling.

Each competitor is allowed six events, so the young Campbell bank trainee placed in each event in which he participated.

There were 200 competitors in the recent California games, representing five states.

Dunn previously was selected to participate in the International Paralympics and is a Wheelchair Olympic Gold Medal winner.

TRAILER FOR SALE--- Lynda Hansen shows off the 5' x 7' fiberglas trailer that the Continentals Sport Car Club will offer for sale, Friday and Saturday when they hold a rummage sale at 342 Campbell Ave. Other unusual items include tires, auto parts, tools, furniture, cable tables and other items.

Auto-cycle show at Westmont stresses safety features

The Westmont Auto-cycle Show, Car Rally and Cycle Gymkhana will be held Saturday, May 15, at the Westmont parking lot, 4805 Westmont Ave.

The Auto-rally will begin at 9 a.m. and will last approximately two hours. The Exhibit of '71 autos and cycles and accessories will begin at 1 p.m. The Cycle Gymkhana will start at 2 p.m.

Entry fee will be $2 per car or cycle. Registration will be limited to 50 cars and 50 cycles. Applicants are not restricted to Westmont students. Cars must have a licensed driver and a navigator, and may have as many riders as the car can legally hold.

Safety checks on cars will be made before the rally begins. There will be first, second, and third prize cash awards. Registration forms are available in the Dean's office or through phoning 379-0608 or 378-1210. Refreshments will be sold throughout the day. Proceeds of the show will benefit the parent sponsored Westmont seniors all night party fund.

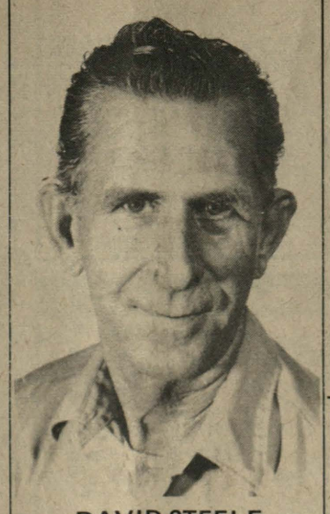
Emeritus club elects officers

Campbell Emeritus Club met recently at First United Methodist Church and elected new officers. Mrs. May David will serve as president, Mrs. Helen Thomas, vice-president and Madeline Hanks, secretary-treasurer.

Mrs. David succeeds Mrs. Blanche Jordan, who has served as acting president since the resignation of Charles Libhart last fall.

According to Miss Hanks, the club is a strictly social group of elder and retired persons and meets the first Wednesday of each month at the church at 12:30 p.m. The participants bring sack lunches, enjoy games and refreshments. Potluck dinners are held each summer.

Local man is candidate for hospital honor



DAVID STEELE

David Steele of 1315 Pollard Road, Campbell, is one of five contestants for "Employee of the Year" at The Good Samaritan Hospital of Santa Clara Valley. He is head janitor at the community hospital.

Winner of the contest, which is decided by employee vote, will be announced at a National Hospital Week coffee hour Thursday, May 13, in the hospital's cafeteria.

Other contestants are Carvel Hase, assistant administrative medical technologist; Liz Kopulos, central service supply day supervisor; William Rainey, Pharm.D., pharmacist; and Henrietta Martin, R.N., nursing supervisor.

Steele has been with The Good Samaritan Hospital since it opened in September, 1965. He was one of the employees who received five year service pins last year, the first year they were awarded by the hospital.

CAR WASH

Assembly 235, Rainbow Girls of Campbell is having a car wash on Saturday, May 15 at Saratoga and Moorpark from 10 a.m. to 4 p.m. The girls are raising money to attend a convention in Oregon in June.

TROPHY WINS -- The Beta Sigma Phis who bowled in the San Jose City Council league locally won some nice trophies in recent competition. Left to right are Mrs. Jack Scotland, who had high series handicap; Mrs. Charles Keith, high series scratch; and Mrs. Wayne Rist, secretary of the bowling league.

Local Beta Sigs win trophies

Would you believe a group of cultural, philanthropic and social ladies are masquerading under the pseudo names of Coco Loco's, Boilermakers, Harvey Wallbangers and Harry's Pick Me Ups. These are the members of the San Jose City Council Beta Sigma Phis bowling league. Sixteen teams composed of 64 ladies of the over 500 membership participated in the winter league.

To celebrate the end of the bowling year with the awarding of trophies, the girls held a luncheon and awarded trophies to Mrs. Charles Keith, high series scratch; Mrs. Carlos Poggi, high game scratch; Mrs. Jack Scotland, high series handicap; Mrs. Bob Miner, high game handicap; and Mrs. Dan Rivera, most improved bowler.

The first place team, Missionary Downfalls, were Mrs. George Simon, captain, Mrs. Charles Keith, Mrs. Ed Shaules and Mrs. John Diehl.

The second place team, Hot Toddies, were Mrs. Dennis Nesmith, captain, Mrs. Robert Sprung, Mrs. Edward Parvin and Mrs. Clifford Ambrose.

DRAGSTER? --- Bicycle "drags" for school age children are scheduled in the Campbell High School parking lot on Saturday, May 22, from 10 a.m. to 2 p.m. sponsored by the Campbell JayCees. Left to right are Roger Hughes of the JayCees, Jerry Bernstein of Wheel-Away and Tom Prebil, project chairman. The youngsters are, left to right, Bill and Aaron Hughes and Tammy and Heidi Prebil.

WINNING WAYS --- These three members of Beta Sigma Phi are displaying trophies they were awarded as members of the sorority's bowling team recently. Left to right are Mrs. Dan Rivera of Campbell, most improved bowler; Mrs. Carlos Poggi, high game scratch; and Mrs. Bob Miner, high game handicap.
